

MEMORANDUM FOR THE CABINET BY THE MINISTER OF JUSTICE

Release of three plots of land in the limits  
of St. Julian's and Birkirkara

Back in December 1960 the Council of Government advised that twenty plots of land within the limits of St. Julian's and Birkirkara be acquired for the purposes of widening St. Andrew's Road. The project involved the removal of several dangerous corners and the widening of a particularly narrow stretch of road which normally took a heavy load of traffic.

The pertinent declaration by the Governor in terms of section 8 (1) of the Land Acquisition (Public Purposes) Ordinance (Chapter 136) was published in the Government Gazette under Government Notice 652/1960.

When the execution of the project was taken in hand it emerged that out of the original 20 plots involved, plots 1, 2 and 5 were no longer required and Hon. Members are being asked to advise His Excellency to issue a Declaration for the release of these plots, in view of the fact that they are no longer required for a public purpose.

9th November, 1962.
