

Temporary Weapons Range (Mellieha and
St. Paul's Bays) Regulations, 1963

The Naval Authorities are holding a minesweeping exercise on the 9th and 10th April, 1963, in the area shown on the map at Red 90 in file OPM 1283/55. Boat traffic through the area will still be possible during the exercise but it is desired to prohibit the laying of fishing nets which would be damaged by the minesweepers. It is therefore necessary to make the Temporary Weapons Range (Mellieha and St. Paul's Bays) Regulations, 1963.

3rd April, 1963.
