

MEMO TO CABINET BY THE HON. MINISTER OF PUBLIC BUILDING AND WORKS

DEVELOPMENT OF LAND AT BINGEMMA I/O RABAT.

Various applications has been received at the Department of Public Building and Works regarding the development of land at Bingemma, I/o Rabat. Until recently there was no scheme for this area, but the Department has now prepared a scheme which would enable a certain degree of development mainly for touristic purposes. The land is privately owned.

The Town Planning Board has discussed and approved the scheme.

Hon. Ministers are requested to consider whether the Scheme as prepared by the Department should be implemented and permits for development issued.
